XIII ESI sport horse and foal auction – the collection is ready

Europe's largest and most exclusive auction of show jumping foals opens its doors on 30 August

When ESI's Otto Vaske and Henrik Klatte provide an invitation to Lastrup in Klein Roscharden to Klatte Equestrian Centre on 30 August for the XIII ESI sport horse and foal auction, interested parties from all over the world will be spoilt with choices. The first-class collection features 20 hand-picked show jumpers ranging from youngsters to experienced tournament horses. There are several licensed stallions and horses qualified for the national championship in this year's lot of show jumpers. The always extraordinary foal collection, which has now made ESI Europe's largest and most exclusive auction of show jumping foals, features a true assemblage of pearls. A total of 79 foals with international pedigrees from top sires and proven, performance-oriented dam lines – such as MyLord Carthago, Levisto Z/Kolibri, Numero Uno/Voltaire/Zeus, Cornet Obolensky/Darco/Ramiro Z, Cornet's Prinz from the mother of world cup winner Cornet D'Amour or Vigo D'Arsouilles/Casall/Quidam de Revel – are accompanied by great expectations for their future success as show jumpers.

Customers from around the world have already booked flights to the XIII ESI auction, as the right horses continue to be found in Germany – especially in Klein Roscharden. No other country in the world provides so many first-class sport horses for all disciplines. Correspondingly, horses featuring the label 'made in Germany' are now a top export demanded worldwide. 'We consciously placed this date so early in the year so that the customers could comfortably

travel on to the World Equestrian Games in Normandy,' says ESI executive Henrik Klatte.

You can find all information about the XIII ESI auction and the complete show jumping horse and foal auction at <http://www.esiauction.com>, or by directly contacting Otto Vaske (+49 (0)172 8367 715) or Henrik Klatte (+49 (0)172 5213 481).
